COMPANY PROFILE

Golden Level Company Profile.

Comprehensive Industrial Supplies , Heavy Machinery & Power Solutions for Saudi Arabia's Mega-Project.

DAMMAM, EASTERN PROVINCE · KINGDOM OF SAUDI ARABIA

VISION 2030 ALIGNED

The Complete Industrial Procurement Partner

Aligned with Saudi Vision 2030, Golden Level bridges the gap between ambitious engineering goals and on-site execution across the Kingdom. We operate as an integrated operational partner supplying five core industrial divisions under unified accountability — guaranteeing zero downtime, certified quality, and immediate fulfilment across the Eastern Province and nationwide.

Rigorous Quality Standards

Every unit undergoes certified pre-delivery inspection, load-bank testing, and compliance verification before dispatch.

Supply Chain Agility

Strategic stockholding and direct OEM relationships ensure rapid fulfilment for urgent project requirements.

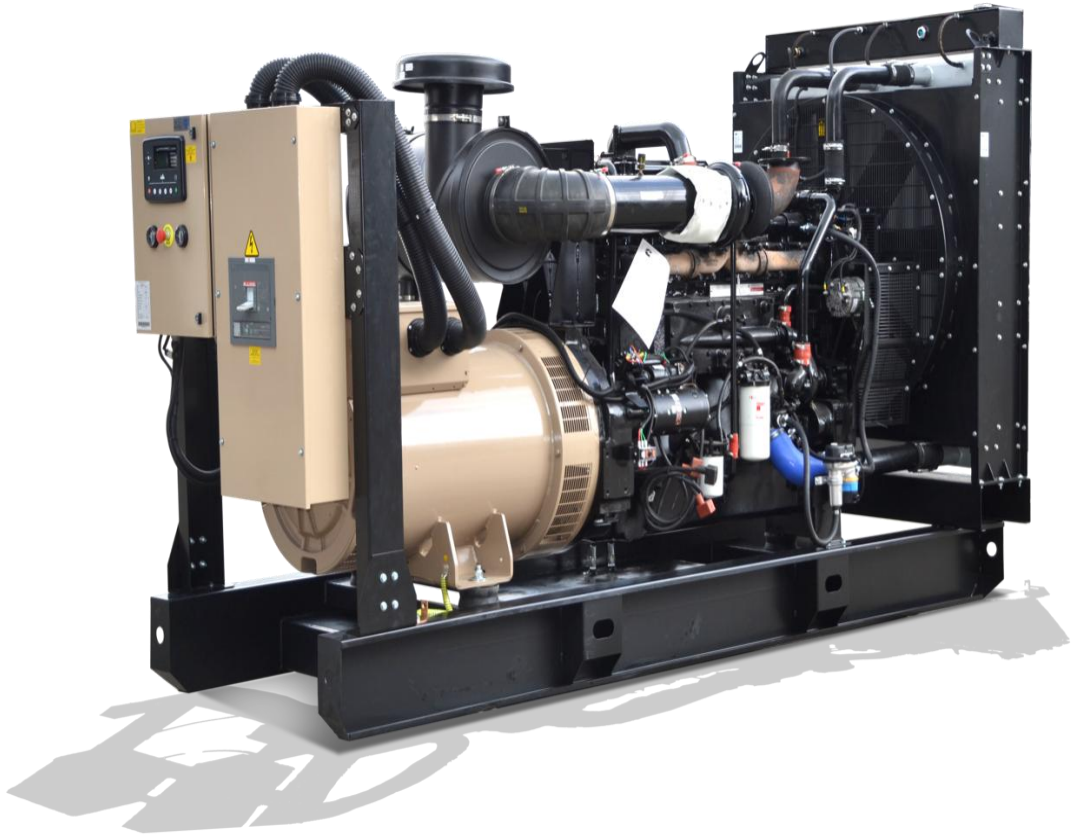

Comprehensive After-Sales

Full warranty coverage, scheduled maintenance programmes, and guaranteed genuine genuine spare parts availability across KSA.

DIVISION 01

Large-Range Power Plants & Generator Sets

Up to 2,000 kW / 60 Hz · Prime & Standby Duty

We supply prime and standby heavy-duty diesel generators scaling up to **2** scaling up to **2 Megawatts (2 MW)**, available in open-frame and acoustic soundproof canopy (silent) configurations -engineered for for continuous operation in the most demanding industrial environments environments across Saudi Arabia.

Engines

Genuine **Cummins** (UK & India) and **Perkins** (UK) heavy-duty industrial engines- proven reliability under continuous load.

Alternators

Leroy-Somer (France) and **Stamford** (UK) alternators delivering unmatched voltage stability and frequency regulation.

Control Systems

Smart **Deep Sea Electronics – DSE** (UK) controllers with Automatic Transfer Switch (ATS) and synchronisation capabilities.

DIVISION 02

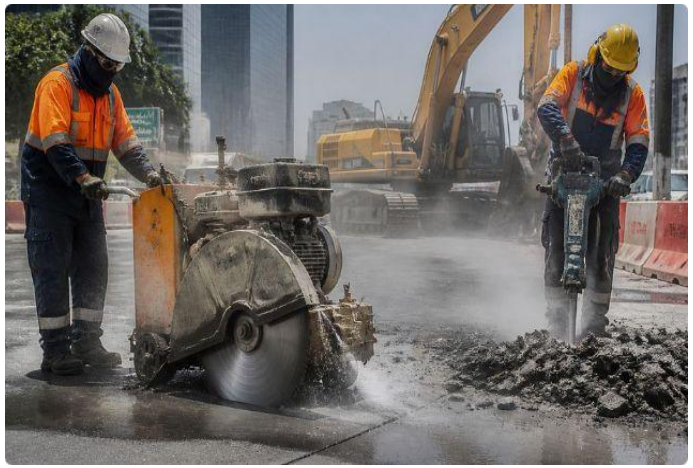

Heavy Construction & Compaction Equipment

We equip civil engineering and infrastructure sites with rugged, high-performance machinery engineered for continuous operation across Saudi Arabia's mega-projects - from roadworks and utility corridors to large-scale building construction.

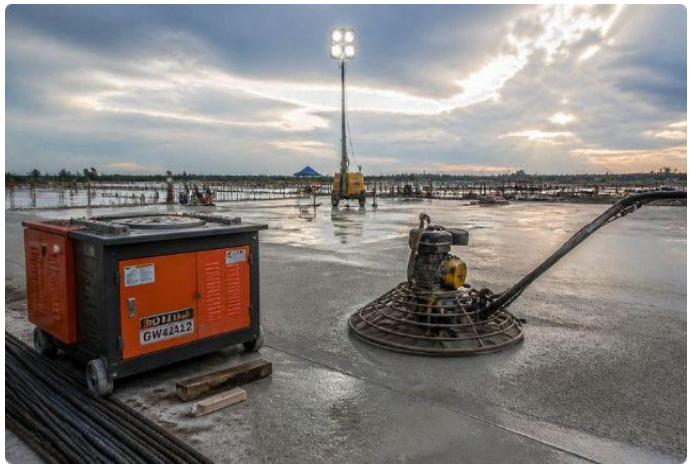

Concrete & Compaction

- High-capacity Concrete Mixers
- Petrol & Diesel Concrete Vibrators
- Heavy Plate Compactors & Tamping Rammers
- Double-Drum Walk-Behind Rollers

Cutting & Demolition

- Precision Asphalt Cutters
- Masonry Wall Chasers
- Heavy Core Drill Machines
- Pneumatic & Electric Demolition Breakers

Site Preparation

- Bar Bending & Cutting Machines
- Power Trowels for concrete finishing
- Mobile Light Towers (ROKO brand)
- Full night-operation capability

DIVISION 03

Heavy-Duty Power Tools & Drilling Arrays

Golden Level supplies comprehensive, professional-grade electric and cordless power tooling from the world's most trusted brands

Makita, DeWalt, and **Bosch** ensuring maximum productivity and operator safety on every project.

Heavy Penetration

SDS-Plus and SDS-Max Rotary Hammers and Demolition Hammers engineered for reinforced concrete and structural applications.

Cutting & Grinding

High-RPM Angle Grinders, Circular Saws, and Compound Miter Saws for structural steel, masonry, and precision carpentry.

Fastening & Drilling

High-torque Cordless Impact Wrenches, brushless Drill Drivers, and precision metal mag-drills for industrial fabrication.

DIVISION 04

Commercial Fleet Maintenance & Workshop Utilities

Complete turnkey equipment solutions for heavy commercial workshops, marine yards, and and automotive logistics hubs — supplied and commissioned by Golden Level's technical team. technical team.

Automotive Lifting

Heavy-duty 2-Post and 4-Post Car Lifts, Scissor Lifts, and in-ground solutions for fleet and fleet and commercial vehicle maintenance.

Tire & Wheel Service

Commercial Truck Tire Changers, computerised Wheel Alignment systems, and precision precision Wheel Balancers for high-volume operations.

Hydraulic & Fluid Equipment

Industrial Hydraulic Presses, Engine Cranes, Transmission Jacks, and Floor & Bottle Jacks (**Mega, Camital**). Professional fluid transfer pumps (**Samoa**).

Compressed Air Systems

Stationary and mobile piston and screw Air Compressors (**Fini**) paired with high-efficiency Refrigerated Air Dryers for clean, dry air supply.

DIVISION 05

Advanced Welding Systems & Pipe Processing

Rugged fabrication and piping equipment for oil & gas, petrochemical, and structural steel contractors – supplied with full technical support and commissioning.

Industrial Welding

- Heavy-duty MIG, TIG, and MMA (Arc) welding machines
- Precision Plasma Cutters for clean metal cutting
- Field-ready Diesel Welding Generators (**Miller, Telwin**)
- Multi-process inverter machines for site and workshop use

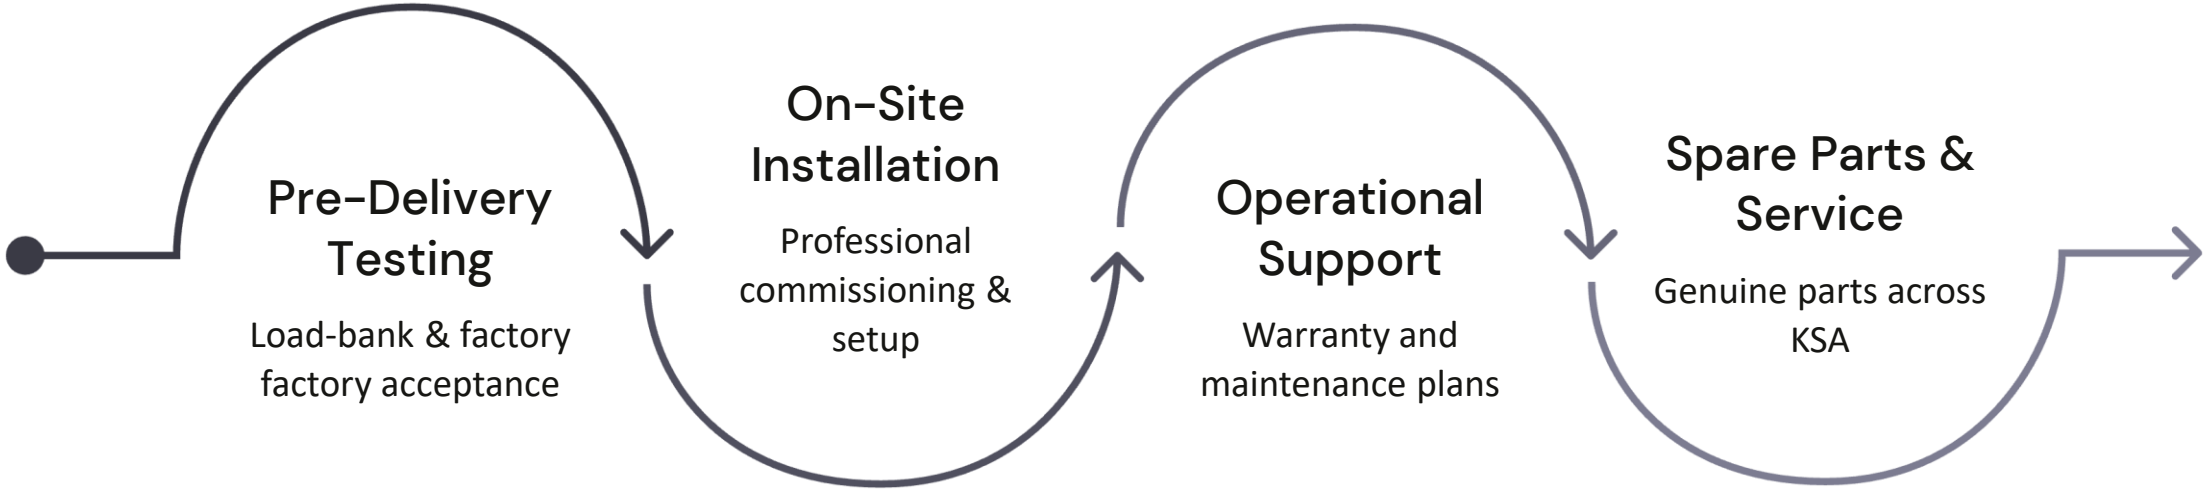

Pipe Processing

- Heavy-duty Pipe Threading Machines for steel and stainless
- Roll Grooving Machines for rapid pipe joint preparation
- Complete solutions for water, gas, and utility pipeline projects
- HDPE Butt Welding & Pipe Fusion equipment for infrastructure networks

Engineering Rigour & Certified Support

Our partnership extends throughout the entire project lifecycle. Golden Level does not simply deliver equipment — we ensure it performs. From factory acceptance factory acceptance testing through to final commissioning, our engineers are present at every critical stage.

Every generator and machine undergoes thorough pre-delivery load testing and simulated load-bank verification. Our field engineers conduct professional on-site professional on-site installation and technical commissioning, backed by proactive warranties, scheduled maintenance plans, and guaranteed availability of genuine availability of genuine spare parts across the Kingdom of Saudi Arabia.

Energise Your Next Mega-Project

Golden Level Commercial Company is your trusted procurement partner for industrial industrial equipment, heavy machinery, and power solutions across Saudi Arabia. Contact Arabia. Contact our dedicated procurement desk for technical proposals, quotations, and quotations, and project support.
